

## FIGHT IN TRENTINO

Austrians Repulsed by the Italians Near Condino

## ITALY GROWS DISSATISFIED

Protests Against Occupation of Albanian Territory by Serbs

Rome, July 2.—That the Austrians have suffered heavily in the fighting around the Trentino is claimed in yesterday's war office statement. The official statement follows: "Continued unfavorable weather conditions have imposed new obstacles which our troops surmount with unchangeable tenacity. In the mountainous part of the theatre of operations fog has caused a slackening of the artillery action on both sides, but has permitted our adversaries to devote greater efforts to the work of fortification, which, however, has been hindered by the action of small Italian detachments. "Actions favorable to the Italians have occurred in Val Chiese, between Castello and Condino (thirty miles southwest of Trento), and at Porto Manazzo, in Val d'Assa. An artillery duel in the district along the ridge of the Carnic Alps also was favorable to us. "Along the Isonzo front an attack by the enemy upon Italian positions east of Plava with quick fire was repulsed by artillery was completely aided. A night attack against our positions at Castello Nuovo, on the Sagrado plateau, likewise was repulsed."

## ITALY GROWS DISSATISFIED.

Protests Against Occupation of Albanian Territory by Montenegrins and Serbs.

Rome, July 2.—The hoisting of the Montenegrin flag over the fortress of Scutari, Albania, is causing a greater feeling of discontent in the Italian capital than did the occupation of the Albanian towns of Tirana and Elgassan by Serbian forces. The Italian government is understood to have protested to both Serbia and Montenegro against the occupation of the Albanian territory by their respective troops. Italy also has protested to the governments of Great Britain, France and Russia, who, together with Italy in the London conference

## NO ALLY TROOPS NEAR RHEIMS CATHEDRAL

Commission Appointed by British Foreign Office So Reports—Cannot Save Stained Glass Windows.

Paris, July 2.—A commission appointed by the British foreign office to visit Rheims and inspect the famous cathedral which has been damaged seriously by German artillery fire, arrived Sunday morning just after German shells had struck the building. The party included Owen Johnson, American novelist; Arnold Bennett, British novelist; Walter Hale, critic, of Boston, and G. H. Mair. They picked up pieces of shells which had glanced off the walls and roofs. All agreed that neither British nor French troops were anywhere near the cathedral. It has been impossible to save the priceless stained glass windows in the cathedral because the erection of scaffolding which would be necessary to take them down, the French say, might give the Germans the idea that the cathedral was being used for observation purposes.

## SPAIN FAVORS NEITHER SIDE, SAYS PREMIER DATO

No Foundation for Report that the Spanish Government is with the Entente, He Declares.

Madrid, July 2.—Discussing war and internal conditions in Spain, Premier Dato said yesterday there was no foundation for the allegation that the Spanish government favors the cause of the quadruple entente. He declared Spain favors neither side and is acting as fairly as it can. "Assuming that the constitution would not be suspended the premier said: 'Let us live united, having in view only the defence of the country. That is the principle we will maintain with firmness.'"

London, July 2.—The British steamship Lomas was sunk yesterday by a German submarine off the Scilly islands. The second officer of the vessel was killed. The rest of the crew was saved.

## SOLDIERS INCITE RIOTS

State Department Hears That Zapata's Officers Responsible for Them

## ENDANGERING AMERICANS

No Relief Is in Prospect for Starving People of Mexico

Washington, July 2.—Officers of the Zapata forces in Mexico City, disregarding orders of the convention government, nominally in control there, are charged with inciting the masses to violence in dispatches carried from the Mexican capital June 25 to Vera Cruz by courier and cabled yesterday to the state department.

The dispatches, one dated June 22 and the other June 25, were the first the state department had received since June 18. They were from the Brazilian minister in Mexico City, and late yesterday were summarized by the department as follows: "Although cable is not cut, manager of the cable company informs the Brazilian minister that the Carranza authorities will not let messages go through. The convention forces repulsed the Carranza troops on the morning of June 25. General situation growing worse because of inability to relieve hungry population. Grocery stores sacked this morning, June 25. Situation made more acute by several Zapata generals who disregarded orders convention president and incited people to violence. Only possible relief would be reopening of railway to Vera Cruz and bringing of supplies. The Carranza army announced that 'serious looting by Zapata forces is reported in Mexico City.'"

A dispatch from Vera Cruz headquarters, it was announced, said a special train of eight cars of food had been sent forward to General Gonzales for distribution in Mexico City when he enters. Other food has been sent to Monterrey and Laredo. Corn, the agency says, is selling in Mexico for \$5 a ton less than in the United States.

A statement by Charles A. Douglas, Carranza's legal adviser here, who was to arrive in Vera Cruz last night or today, was made public at the agency, reiterating the ability of Carranza to restore peace to Mexico and declaring his friendship for the United States.

El Paso, Tex., July 2.—The case against Victoriano Huerta, Pascual Orozco and four others charged with conspiracy to violate the United States neutrality laws was postponed yesterday to July 12. The defendants were continued under the same bonds.

The postponement was granted on request of attorneys for the prosecution. R. E. Crawford, assistant United States district attorney, stated that the government had been unable to collect and arrange all its evidence or to bring important witnesses into court.

Miguel Diaz Lombardo, Villa's minister of foreign affairs, expected to leave yesterday for Washington to place before President Wilson a plan to establish peace in Mexico. He was expected to suggest that a commission of men selected from the ranks of both Carranza and Villa be named to choose a provisional president.

Cornish, N. H., July 2.—Dispatches transmitted to President Wilson yesterday from Washington, telling of rioting and looting in Mexico City added to the seriousness with which he had viewed the Mexican situation for some time past, and were expected to hurry the next step in his new Mexican policy, inaugurated when he sent warnings to the principal leaders that conditions in the southern republic must improve.

Recent reports that the various Mexican factions might get together and agree on some form of government have led the president to defer any action. He has been anxious also to dispose of the German situation, if possible, before carrying his Mexican policy any further.

## DIED OF INJURIES.

Henry Bean of Winoski was Hit by Bale of Wool.

Winoski, July 2.—Henry Bean died early yesterday morning of injuries sustained while at work at the woolen mills several weeks ago, when a heavy bale of wool fell while being hoisted to an upper story, striking the unfortunate man on the head. At the time of the accident he was taken to Fanny Allen hospital, where he had since been in a critical condition.

The remains were brought to A. B. Lavigne's undertaking rooms and prepared for burial and later were removed to his late lodgings on Leclair avenue. Mr. Bean was 37 years old and unmarried. He is survived by one sister, Mrs. Lena Stone of Rutland, and two brothers, Adolphus Bean of this village and Fred Bean of parts unknown. The funeral will be held Saturday morning with services and interment at Essex Junction.

## CHICAGO LOCKOUT AT \$1,500,000 A DAY

Attempt to Force Arbitration of Carpenters' Strike Under Way at Midnight.

Chicago, July 2.—At midnight last night the manufacturing district of Chicago and neighboring territory began making payment, which it is estimated will inside of a week total \$1,500,000 a day, in an attempt to force arbitration of carpenters' strike.

The estimate of cost of the shut-down of building material plants was made by James Fryer, president of the Builders' Commercial agency and a member of the press committee of the organization of manufacturers.

"I estimate that 200,000 employed by Chicago mills and probably an additional 300,000 in Wisconsin, Ohio, and Indiana plants which furnish supplies to Chicago builders, will be out of employment by next Tuesday," said Mr. Fryer. "I estimate the loss, at \$3 per man each day, or \$1,500,000 in all, and the loss will run indefinitely. The question of arbitration must be settled now for all time. "Although the tie-up is effective today and all but one material manufacturer has agreed to it, it will probably be a week before deliveries cease absolutely."

## CANNOT ENFORCE MAINE LAW.

Governor Curtis Informs Civic League that He Has Not the Power.

Augusta, Me., July 2.—Rev. Wilbur F. Berry, secretary of the Christian Civic League, told Gov. Curtis at the executive council meeting Wednesday that he believed the governor should warn negligent sheriffs, and if after warning they still refused to enforce the prohibitory law, the legislature be convened to impeach and remove them. He said the militia should be called out to enforce the law if no other means could be found to enforce it. Gov. Curtis in reply said that he had no power as a governor to cause the law to be enforced and quoted from Judge Emery of the supreme court an opinion that Maine governors are made to take an oath which they are powerless to keep. He asked Mr. Berry to show him what power he had as governor to enforce the prohibitory law. Mr. Berry insisted that he should use the legislature.

## MIGHTY SWAT BY CRAVATH

Defeated the Braves at Philadelphia, Hit Coming in Ninth.

Philadelphia, July 2.—A home run wallop by "Cactus" Cravath in the ninth gave Philadelphia the game over the Boston Braves, 2 to 1, yesterday afternoon. The swat came after Gowdy and Schmidt had made a mess of gathering in a foul fly which Cravath had popped up. The score was as follows:

## Why Suffer From Migraine or Sick Headache? USE ANTI-KAMNIA TABLETS

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this affliction are condemned to undergo the most excruciating attacks every few weeks until they are fifty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two Anti-Kamnia Tablets when the first symptoms appear, and one Anti-Kamnia Tablet every two hours during the attack, shortens it, eases the pain and brings rest and sleep. Anti-Kamnia Tablets may be obtained at all druggists. Ask for A-K Tablets. They quickly relieve all pain.
